DATE: December 19, 2012

TO: Issuers of Health Insurance

FROM: Brian James
CCIIO/CSG Data Collection and Management Division

SUBJECT: Rate/Plan Expiration and 2013 Combined Window Schedule

As an initial announcement, the issuer call scheduled for 12/26/2012 is canceled. The issuer call on 1/2/2013 will occur as scheduled.

Plan Drop-off Due to Rate or Plan Expiration

As discussed on last week's issuer call, many plans and products have dropped off of the default search on Healthcare.gov due to either no longer having any valid rates or having a plan expiration date of 12/31/2012 (the default search is the first day of the next month, i.e. 1/1/2013). These plans and products will drop off of the website entirely as of the first of the year. If your plans or products are expiring, you must submit your data and complete validation and attestation before these plans/products will display, and you are encouraged to update your data as soon as possible. There is a refresh on 12/21/2012, and the next refresh is not until 1/5/2013.
